

# OUR PROVIDERS

At McKenzie County Healthcare Systems, Inc., our commitment is to the patients and their families, whatever their needs might be. Our physician and midlevel providers are committed to delivering quality care in Watford City and in our outreach locations.

## URGENT CARE

MCHS Urgent Care treats illnesses and injuries that require immediate, non-emergency care including COVID testing, pinkeye, strains, infections, cuts, colds, and coughs.

Urgent Care does not see patients with chest pain, shortness of breath, severe abdominal pain, or head trauma, which are all cases that should go to the Emergency Department.
